

PROGRAMS TO FIT YOUR INDIVIDUAL NEEDS

Programs are geared toward the busy individual. Classes can be taken at your convenience. We offer online, self-paced, and in-person classes. Alliance Health Care Institute holds an international accreditation and is a member of the Institute of Training & Occupational Learning. Not all programs are approved and offered at all locations or through Online Education. Course listings are subject to change.

CERTIFIED PHLEBOTOMY TECHNICIAN TRAINING

The Phlebotomy Technician Training comes in a 2-week and a 4-week format given in person or online. During this course you will learn the fundamentals of phlebotomy, including a simulated lab and a clinical externship. After successful completion of this course you are eligible to take the national certification exam.

CERTIFIED MEDICAL ASSISTANT TRAINING

The Medical Assistant Training comes in a 6-week course offered online or in person. During this course you will learn the fundamentals of medical assisting including a simulated lab and a clinical externship. In class students will receive hands-on training on how to complete a medical assessment including vital signs, ekg's, drawing blood, and injections. After successful completion of this course, you are eligible to take the national certification exam.
