Financial Statements for the year ended December 31, 2023:	
Balance Sheet	5
Income Statement	6
Statement of Cash Flows	7
Notes to Financial Statements	8

INDEPENDENT AUDITOR'S REPORT

To the Owner/Founder
Coding Clarified LLC
6848 N Government Way, Ste 114, Dalton Gardens, ID 83815

We have audited the accompanying financial statements of Coding Clarified LLC (the "Company"), which comprise the balance sheet as of December 31, 2023, and the related statements of income and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Coding Clarified LLC as of December 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Sincerely,

George Dimov CPA

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED DECEMBER 31, 2023***(in US Dollars)*

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**General Information**

Coding Clarified LLC (the "Company") is an online medical coding school established on September 11, 2015, in accordance with the Articles of Organization. The Company has offices in both Arizona and Idaho and operates under the laws of the states of Arizona and Idaho. The Company provides a self-paced online medical coding course to prepare individuals to become certified professional coders by taking the CPC exam. The Company is located at 6848 N Government Way, Ste 114, Dalton Gardens, ID 83815. These financial statements cover the year ended December 31, 2023, and are intended for the sole use of Coding Clarified LLC, its owner, and other users at the sole discretion of the Company.

Statement of Compliance

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

These financial statements are presented in US Dollars, unless otherwise indicated. These financial statements have been prepared under the historical cost convention, except for the evaluation of certain financial instruments carried at fair value.

Use of Estimates and Assumptions

The preparation of financial statements conforms to accounting principles generally accepted in the United States of America ("US GAAP"). Those principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Due to the inherent uncertainty in making those estimates, actual results reported in future periods could differ from such estimates.

Going Concern

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

Cash and Cash Equivalents

The Company considers cash in banks, and other highly liquid investments with an original maturity date of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivables are recorded at the invoiced amount. Accounts receivables are reported at the clients' outstanding balances less any allowance for doubtful accounts. The allowance for doubtful accounts on accounts receivable is charged to bad debt expense in amounts sufficient

to maintain the allowance for uncollectible accounts at a level management belief is adequate to cover any probable losses. Management determines the adequacy of the allowance based on historical collection information from individual clients. Accounts receivables are charged off against the allowance when collectability is determined to be permanently impaired (bankruptcy, lack of contact, age of account, etc.). The Company wrote off bad debt in the amount of \$14,497 for the period ended December 31, 2023.

Revenue

The Company's revenue for the year ended December 31, 2023 has been recorded on the accrual basis of accounting.

Expenses Recognition

Expenses are accounted for at the time the actual flow of the related goods or services occur, regardless of when cash or their equivalent are paid, and are reported in the financial statements in the period to which they relate.

Related Parties

A party is considered to be related to the Company if the party directly or indirectly or through one or more intermediaries, controls, is controlled by, or is under common control with the Company. Related parties also include principal owners of the Company, its management, members of the immediate families of principal owners of the Company and its management and other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests. A party which can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests is also a related party.

Coding Clarified LLC is affiliated with Coding Clarified Texas LLC, which is a wholly owned subsidiary of Coding Clarified LLC.

As of December 31, 2023, the Company had affiliated accounts payable in the amount of \$41,072 to Coding Clarified Texas LLC.

Fair Value Measurements

FASB ASC 820, "Fair Value Measurements" defines fair value for certain financial and nonfinancial assets and liabilities that are recorded at fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It requires that an entity measure its financial instruments to base fair value on exit price, maximize the use of observable units and minimize the use of unobservable inputs to determine the exit price. It establishes a hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy increases the consistency and comparability of fair value measurements and related disclosures by maximizing the use of observable inputs and minimizing the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the assets or liabilities based on market data obtained from sources independent of the Company.

Unobservable inputs are inputs that reflect the Company's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on

the best information available in the circumstances. The hierarchy prioritizes the inputs into three broad levels based on the reliability of the inputs as follows:

Level 1 – Inputs are quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date. Valuation of these instruments does not require a high degree of judgment as the valuations are based on quoted prices in active markets that are readily and regularly available.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable as of the measurement date, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and not corroborated by market data. The fair value for such assets and liabilities is generally determined using pricing models, discounted cash flow methodologies, or similar techniques that incorporate the assumptions a market participant would use in pricing the asset or liability.

The carrying values of certain assets and liabilities of the Company, such as accounts receivable, cash and cash equivalents, other current assets, accounts payable, credit card payables, and loans and borrowings, approximate their fair value due to their relatively short maturities.

2. CASH AND CASH EQUIVALENTS

As of December 31, 2023, cash and cash equivalents consisted of the following:

	December 31, 2023
Spokane Teachers Credit Union (STCU) Checking Account #***6638	9,949
Total cash and cash equivalents	<u>9,949</u>

3. INCOME TAX

The Company has elected to be treated as an S Corporation for federal and state income tax purposes. As such, the income, deductions, and credits of the Company are passed through to its owner, who is individually responsible for paying the associated taxes. Under the provisions of the Internal Revenue Code and state tax laws, an S Corporation is generally not subject to federal or state income taxes at the corporate level. Therefore, the Company does not recognize income tax expense in the financial statements.

4. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date which the financial statements were available to be issued, which is August 5, 2024.

All subsequent events requiring recognition as of December 31, 2023, have been incorporated into these financial statements and there are no other subsequent events that require disclosure in accordance with FASB ASC Topic 855, "Subsequent Events".
