

E. Future Vision:

1 to 3 years goal:

1. Get the NCA (North Central Association of Collages and Schools) Accrediation
2. Get the WIOA training provider approval from the other states like Oregon, Texas, Michigan
3. Build Stronger connection with WIOA case managers + schools
4. Introduce 5 plus new courses that are high in demands
5. Student Success Initiatives

IT Expert System Inc have above small term goals (1 to 3 years) which are help to grow acedemically and regioanlly. In expanding our organization with NCA will help us to imprpove our quality of work, finacial, administrative, operational, and oversight practices as well. Expanding our engagement with WIOA training providers in other states and will create additional partnership with WIOA Case managers and other school will helps us to go regioanlly. Also keep update the training content based on the indusry requirements or demands and intorduce new courses that are high in demand to fulfill IT industry needs. IT Expert System Inc expand engagement with fortune 100 companies like Nike, Addidas, Delloitte, CVS, Walgreens, Abbott and create a partnership where our student can get the benefit of Job assistance support to get the job after training.

3 to 5 years goal

1. Global Partnership and Exapnded International Collaborational Initiatives.
2. Digital Education and Educational Initiatives
3. Improve Organizational Efficiency and Adminstrative Focus
4. IT Expert System Inc should be treted as an University in next 5 years.

The IT Expert System Inc have long term goal (3 to 5 year) describer above help us to developing closer ties with a set of global partners that share interest in our academic strategy initiatives. In next 3-to-5-year IT Expert Would like to get the SEVP certification from Department of Homeland Security to grant M visa, which help us to enroll international student as well in our organization. IT Expert System Inc would like to create on demand digital content for learners and students can access it digitally from anywhere. IT Expert's goal is to expand in next 5 years regionally and globally so we will improve organizational efficiency by improving our administrative structure and reporting assignments. In Next 5 years IT Expert System Inc should be treated as a university.
