MMCI Certified Professional Midwifery Program

As a student in the MMCI Certified Professional Midwifery, my signature on this Enrollment Agreement, means that I am agreeing to all of its content and to the content and policies in the current MMCI catalog. I am also making a contract with myself to act in accordance, as both a student and future birth worker, with integrity and purpose in the classroom and when providing care to people and their communities.

_____ **Student must initial**

MMCI's Certified Professional Midwifery consists of learning modules taught by experienced educators and providers who specialize in the module's content. Each month, for 36 months, these modules are taught at a weekend intensive that offers an immersion experience into the fundamental theories, science, ethical considerations, and wisdom students need to practice professionally. Also, study sessions will be scheduled weekly and tutoring sessions will be required on an as needed basis determined by MMCI's Academic Director.

I agree to give permission to release certification test results to MMCI for the purposes of compiling student achievement data for compliance with MEAC standards

MMCI does not offer employment assistance; employment is not guaranteed upon graduation.
