Testimonials 2023:

“Your industry
networking especially
provided me the
opportunity to get set
up with companies &
interviews. This was a
huge head start with
getting prior
knowledge of running
a piece of equipment.”

**Hunter S. a Local 49
Apprentice 2023**

Proven Transition from Simulators to Live Equipment is Seamless!

Train Skills Management's 5-week "Hands-on" Training utilizes both High-Tech Simulators & Live Equipment Training. Our Graduates have proven that our training works!

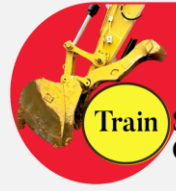

"3 Days on the Simulator Equals 1 month of live equipment operation in the field."
US Military data findings.

Just like Aviation, innovative technology is rapidly changing the Construction Industry, Equipment & Management. Our training at Train Skills Management embraces this Innovative Technology of 3D & GPS.

From Simulators to the "Real Deal!"

Train, Earn, Live Local!
